Letter of Recommendation

Kristin Heusser
2650 E Imperial Hwy # 205
Brea, CA 92821

To Whom It May Concern:

We have relied on Kris Heusser for almost a decade to manage our corporate insurance coverage. Kris is the consummate professional who embodies the core principles of integrity and honesty.

Developing the proper insurance coverage requires a commanding knowledge of our business and Kris took the time to understand it completely. Kris always gave us multiple coverage options and always carefully explained the merits of each. We always received excellent value.

My wife is an attorney whose legal specialty is insurance coverage, she was equally impressed with Kris in her ability to assess the risks and liabilities of our medical device company. We had several insurance claims on our coverage and Kris was there when we needed her most to both counsel and assist as liaison with the insurance companies in bringing quick resolution to these matters.

I can say without reservation, Kris Heusser is the professional you want to manage all your corporate insurance issues. Today, the ever changing legal and insurance regulations require a knowledgeable professional like Kris. We are looking forward to many more years of working with Kris.
